

**The Dominion of British West Florida is a non-secessionist Sovereign Nation, dedicated to the Restoration of the sovereignty of the People under God and the Crown.**

**We, the Citizens of the Dominion of British West Florida**, unite together with burning concern for the future of our Dominion, with firm loyalty to her institutions, with firm hope for our future, and steadfast Faith in the God of our Fathers.

**With burning concern**, we note the state into which our Dominion has fallen under the present 'federal' government. We see the breakdown of family life, the loss of confidence in our institutions, the decay of public and private virtue, and the attack by an ideologically driven and squalid oligarchy on the common good. We refuse to swim with the tide, taking our stand instead on the solid ground of the Scriptures and the traditional customs of our people, to which we pledge ourselves, and from the foundation of which we defy and transform the culture around us.

**We recognise** the innate dignity of every human being, as God-given, from conception to natural death, without regard to circumstance or station.

**We strongly affirm** the integral place of the natural, biblical family in our common life, affirming marriage and family life as the foundation of society. We consider that the traditional, scriptural family, and the marriage which binds it together, is entitled to the highest consideration and the protections of the civil government.

**We declare our allegiance** to the customs of our forefathers, Scriptural wisdom and governance, and continuity, even in reform, and joyfully receive the rights of free West Floridians guaranteed us by Her Majesty Elizabeth II our Queen, under [Magna Carta](#), the [Act of Settlement](#) and the Constitution of the Dominion of British West Florida. We affirm that the civil and religious rights guaranteed by them lie at the heart of our national life.

**We deny** the vapid utopianism of our erstwhile political masters, recognising that human beings are imperfectible. We further recognise the variety of social conditions in human society, affirming that true equality, which is sought before the Courts is only possible before before God. Thus, we oppose government-driven attempts at leveling, while affirming our desire to seek Justice, and to pursue Mercy and Charity in our private and public lives.

**We uphold** the role of the pillars of social order; that is, Her Majesty the Queen, the Peers of Her Majesty's Realms, the Marshalls, Sheriffs, and Police, and the other agents of the civil government in its proper, limited sphere. We uphold the institutions of civil society and moral order, such as the Church and the voluntary institutions which make up the Community, and deny the impulse of the collective.

**We recognise** our duty to each other and our neighbors, and reject moral and social individualism. We recognise the need for restraints upon greed, power, and passion, and therefore support the balanced Constitution, tricameral Parliament, and the rule of law.

**We, who stand** at the cusp of the Third Christian millennium, are the inheritors of the trust of our ancestors, who spilled their blood in defence of freedom and our Most Holy Faith. We who have received the burning torch from them, will not let it die, but will pass it stronger and brighter to those who will come after us. We will strive to be worthy of their trust.

**The Dominion of British West Florida - We can run our own Country!**
